# **BOC DMEPOS Product Category List**

**Includes:**  
*Associated Personnel Suggestions*

## DMEPOS Product Category List

BOC offers accreditation for *all* DMEPOS product categories. As of 1/1/2021, only certain off-the-shelf orthoses are subject to competitive bidding, you can find more information on the Competitive Bidding Implementation Contractor (CBIC) website [here](#). In order to be awarded a product category, suppliers must show adequate competency in the provision of the products within that category. You can find a HCPCS code to Product Category code crosswalk from the Pricing Data Analysis and Coding contractor (PDAC) [here](#). Minimally, manufacturer training is needed on appropriate provision of the products for which accreditation is desired, however compliance with applicable CMS or State requirements may be required and the “Suggested Personnel” column below contains BOC’s suggestion for meeting those.

If you have any questions regarding product category requirements, contact a member of the BOC Accreditation Team at [fa@bocusa.org](mailto:fa@bocusa.org) or 877.776.2200.

If you are currently accredited and would like to add or product categories, you can use the “[Addition of Product Categories Form](#).”

CMS Code	Product Category Description	Suggested Personnel ( <a href="#">Click for information on state requirements.</a> )
<b>DM01</b>	Automatic External Defibrillators (AEDs) and/or Supplies	CPR Training
<b>DM05</b>	Blood Glucose Monitors and Supplies (non-mail order)	
<b>DM06</b>	Blood Glucose Monitors and Supplies (mail order)	
<b>PD01</b>	Breast Prostheses and Accessories	<a href="#">Mastectomy Fitter</a> , Anaplastologist
<b>M01</b>	Canes and Crutches	
<b>PD02</b>	Cochlear Implants	Audiologist
